NEW YORK.

The State Has Gone for Cleveland.

The Majority in New York City 40,000.

Republican Losses in New Hampshire—Grant, the Tammany Candidate, Elected Mayor of New York City.

NEW YORK.

The Independent There.

By Telegram to the Post-Dispatch.

New York, November 4.—The Sixteenth Election District of this city gives Cleveland 228 and Blaine 128. In 1880 it gave Garfield 122 majority. The Twelfth Election District gives Cleveland 178 and Blaine 127. In 1880 it gave Garfield 100 majority. The Twelfth Election District gives Cleveland 127 and Blaine 107. These districts are located in the wealthy portion of the city, and the great changes are mainly due to independent Republicans.

Mr. Pulitzer Elected.

New York, November 4.—Joseph Pulitzer is elected to Congress by about 10,000 majority. One hundred down town election districts give Cleveland 17,642; Blaine, 12,707; which is a heavy Democratic gain. Constant gains are reported throughout the State as the immense crowd has assembled in front of the World office, and notwithstanding a heavy rain, continual shouts read the air.

A Gain of 2,300.

New York, November 4.—One hundred and seven election districts in the State outside of New York and Brooklyn, give a net Democratic gain over 180 of 2,300.

The Mail and Express Says:

New York, November 4.—The Mail and Express says that Robinson, Republican, for Governor of Massachusetts, is re-elected. It says also that Grant (Tammany) is elected Mayor of New York City by 10,000.

A Democratic Gain.

New York, November 4.—Eight election districts in New York State outside of the cities of New York and Brooklyn show: Blaine, 1,699; Cleveland, 1,631; Butler, 51; St. John, 31. A net Democratic gain of 109.

Buffalo All Right.

New York, November 4.—Indications are that Buffalo has given 800 majority for Cleveland.

An Increased Vote.

New York, November 4.—The vote in this city is very heavy, and there is a great deal of scratching in this city on the city and county tickets. The vote will probably be about 222,000.

Beating the Record.

New York, November 4.—The indications are that Cleveland's majority in this city will be from 30,000 to 40,000. The same bulletin says the indications are that Cleveland has carried New York State.

Brooklyn.

By Telegram to the Post-Dispatch.

New York, November 4.—The Democrats of Brooklyn are jubilant, and declare the city will give Cleveland over 20,000 majority.

From Outside Towns.

New York, November 4.—Two hundred and ninety-eight election districts in New York State give Blaine 39,664; Cleveland, 54,106.

The Herald's Estimate.

New York, November 4.—The Herald says that 387 districts give Cleveland 18,857 majority, and the present outlook gives him New York State by 50,000 majority.

The Latest Figures.

New York, November 4.—Three hundred and nineteen districts in the State out of 1,996: Blaine, 78,304; Cleveland, 64,674; Butler, 1,184; St. John, 482; a gain for Cleveland of 9,530 over 1880. If this rate continues his gain in the State will be from 18,000 to 20,000, which would give Blaine 50,000 majority in the State outside of New York and Brooklyn, which, from present indications, will give Cleveland 40,000 to 50,000 majority.

Cyrus Field's Paper.

New York, November 4.—The Mail and Express says: "Cleveland's plurality in this city is 40,000 and in King's County about 30,000. If these figures are correct, Cleveland will carry the State by about 5,000. Later figures may change this materially."

Seven Congressmen Elected.

New York, November 4.—The Herald says: Mueller, Vile, Cox, Adams, Pulitzer, Hewitt and Downey, all Democrats, are surely elected to Congress. Four hundred and thirty election districts, out of 712, give Blaine 55,949; Cleveland, 76,161; Butler, 1,978.

John Kelly's Last.

New York, November 4.—Governor Abbott sends another telegram saying that New Jersey is safe for Cleveland.

Indiana.

Bluff and Counter Bluff.

By Telegram to the Post-Dispatch.

INDIANAPOLIS, Ind., November 4.—The day has been absolutely uneventful, locally. The Democratic committee is to receive a number of telegrams announcing a large vote and Democratic gains, in various portions of the State, and the Republican committee claims to have equally cheering advice. Shortly after noon, John C. New received from Garman of the National Republican Committee a telegram announcing that the tide was overwhelmingly in Blaine's favor in New York and Connecticut, and that some of the Tammany men were working openly for Blaine. This was a bit of a surprise, for the effect, but the effect was spoiled a half hour later by a telegram from John Kelly to Gov. Hendricks stating that the election was going all right, that New York was safe for the Democracy and that Tammany was working faithfully for the Democratic ticket.

NEW YORK.

By Telegram to the Post-Dispatch.
New York, November 4.—Reports from a large number of election precincts in the city indicate that Tammany is voting solidly for Cleveland; that Grant will be elected Mayor; that Joseph Pulitzer will be elected to Congress by a majority larger than all the votes of his opponent, and that the city will give Cleveland an immense majority. It is practically settled that he has the State. The Democrats are very confident.

New Jersey Solid.
By Telegram to the Post-Dispatch.
New York, November 4.—A telegram just received from Governor Abbott, of New Jersey, says: "Accounts from different parts of the State are very favorable. Our men are active everywhere. With a considerable independent Republican vote they expect Hudson County to give over 5,000 Democratic majority."

Running Ahead of His Ticket.
By Telegram to the Post-Dispatch.
New York, November 4.—The voting in Brooklyn is unusually heavy, the Independent Republicans voting for Cleveland in great numbers, and he is running ahead of his ticket.

A Clean Sweep.
By Telegram to the Post-Dispatch.
New York, November 4.—A thorough canvass of the Ninth Congressional District of this city, up to this hour, shows that the Butler boxes are deserted and that Cleveland is making a clean sweep.

Newburgh.
By Telegram to the Post-Dispatch.
New York, November 4.—Rainy weather, but a very full vote. No conflict between United States deputy marshals and local officials is reported. The voting proceeds quietly. The Prohibition vote here will be about 100. The Butler vote is also light, many better men voting for Blaine. The Republicans claim Blaine's majority in the city by 400, a small increase over Garfield.

Quiet and Steady.
By Telegram to the Post-Dispatch.
New York, November 4.—The weather is cloudy and cool, with an occasional light rain. The same condition prevails, according to telegraphic advices, in the greater part of the State. In New York and Brooklyn the voting is remarkably quiet and steady, with only the usual attendance at the various polling places. In New York the polls were opened at 6 a. m., and will close at 4 p. m. In Brooklyn they opened at sunrise, 6:30, and will close at sunset, 4:40.

An Interview With Kelly.
By Telegram to the Post-Dispatch.
New York, November 4, 3 p. m.—In an interview published this morning in the Star, Tammany organ, John Kelly says: "My opinion, given for what it is worth, is that the Democratic candidate will be successful. It would be easier than it is to give a comparatively accurate estimate were it not for the Butler vote, which exerts a disturbing influence on the canvass, and which cannot be measured. I think, however, that it will not be as large to-morrow as it would have been had the election taken place a month ago. Voters are returning in a great degree to their party allegiance. Many of those who a few weeks since intended voting for Butler will, I am convinced, support Cleveland. I have here

which gauges the result pretty fairly. According to this estimate Blaine's friends claim 180 out of the electoral vote as certain for their candidate, while Cleveland is conceded the 120 votes of the Solid South, including Virginia. This leaves 40 doubtful. We may expect to carry the four States of New York, New Jersey, Connecticut and Indiana, which would give Cleveland 89 votes or 15 more than sufficient to win. But, disregarding this calculation of the Northern States, given Cleveland forty-eight electoral votes, which is a legitimate

estimate. They will, added to those of the South, give

THE NECESSARY MAJORITY of one. From the best information obtainable, I have reason to believe New York and Indiana will go Democratic, which would mean 204 votes for Cleveland.

Western New York.
By Telegram to the Post-Dispatch.
Buffalo, November 4.—The feeling in Buffalo this morning was one of confidence that the cause of honest government is to triumph at the polls to-day. The feeling here has been memorial for a week past, and has been quickly followed by reactions. The "Rum, Romanism and Rebellion" cry has had a good influence here. The Irishmen who populate the First and Eighth Wards have taken it up with a cry of defiance at the Republican bigot who uttered it, and all day have been looking to the standard of Gov. Cleveland, whom they know to be an old-time friend. They have not forgotten his defense of their Fenian patriots, nor do they longer countenance the Republican apostate nominated against him. Dodgers bearing the significant words have been scattered here like autumn leaves, and they have had a deadly effect. The Republican County Committee has done nothing to say the tide, saying they would gain as many Protestant votes as they lost Catholic. In fact they seem rather to endorse the sentiment.

A POSTSCRIPT REELER.
Your correspondent found Jack White, Alderman from the First Ward, and the boss monopolist Republican leader of the city. He seemed downcast, and when asked what he expected, said: "The Lord knows! I never saw such a turning over. I will try to hold the majority down, but I don't think it looks as well as it did yesterday."

Democrats in the Ninth and Tenth Wards, the strongest Republican wards in the city, are to-day confident of their ability to carry both. The majority claimed for Cleveland in the city to-day is 1,300, with as much more from Erie County. The betting is very hot and has been all day. Cleveland stood evildoers at \$100 against the man from Maine at \$75. On the combination boards the percentage is about the same. Lockwood, for Congress, is conceded 2,000 majority, while Payne, in the Thirty-second District, is considered sure. All the villages in this vicinity sent in the most encouraging reports last evening, and everybody seems to take it as a foregone conclusion that Cleveland will sweep the deck. The Democratic Legion this evening subscribed \$5,000 to pay workers at the polls.

OPINIONS.

No Doubt of Success.
ALBANY, N. Y., November 4, 1884.
To the Editor of the Post-Dispatch.
The feeling here is that there is no doubt of Cleveland's election, and many Republicans say they can't be beaten. There is no doubt about Albany County giving at least 4,000 majority for Cleveland and Hendricks, and our whole local ticket is safe to be elected by from 2,500 to 3,000 majority. The election of our county ticket, and the return of Congressman Van Alstyne is conceded by the Republicans. [Not signed.]

Field Still Hopeful.
NEW YORK, November 4.
In answer to your inquiry can only say that we now confidently count on New York for Blaine and Logan by a majority of not less than 25,000, and expect the Republicans to carry every Northern State, while also having hopes of some in the South.

Headly Hopeful.
CINCINNATI, Ohio, November 4, 1884.
To the Editor of the Post-Dispatch.
It is difficult to answer. The situation is mixed. We have a fighting chance, and will do our best, but the probabilities are against us. Still we are hopeful of gains.

Hendricks Confident.
INDIANAPOLIS, November 4, 1884.
To the Editor of the Post-Dispatch.
I am very confident of this State.

In General.
By Telegram to the Post-Dispatch.
New York, November 4.—The situation this morning, as reflected from the Democratic and Republican headquarters, is peculiar in the extreme. Chairman Jones, secretary of the National Committee, of Mr. Blaine's party refuse to talk. Mr. Elkins, however, said: "I don't want to talk, because the time for talking is past. Mr. Blaine is as good as elected at this very minute. What's the use of me wasting any more breath? No sir; send it to the four corners of the earth that Blaine will carry New York, New Jersey, Connecticut, Indiana, and every other Northern State. There are no doubtful States in this campaign except among the Solid South list. No; I will not concede Cleveland 120 votes, representing the South. I will concede him any States but Missouri and Texas."

Whitehall Field said to-day: "It seems silly to further discuss the matter. Mr. Blaine's election was assured many weeks ago. I am confident we will carry New York by at least 20,000 plurality, perhaps 30,000. A telegram just received from W. R. Howell at Indianapolis assures me that Indiana is absolutely certain for Blaine. There has never been any doubt of it in my mind, and I place no more certainty there at this time, with all 4,000 in Connecticut and all the way from 1,500 to 2,000 in New Jersey. I really cannot see where Mr. Cleveland expects to get the requisite number of electors.

AT DEMOCRATIC HEADQUARTERS.
Very different is the feeling at Democratic headquarters to-night. Senator Gorman said to a reporter: "There is no funeral here. I am as confident of Cleveland's election as I am that you are standing before me. No matter what they told you on Fifth avenue, we are winners. Tell the West that Cleveland will carry New York, New Jersey, Connecticut and Indiana, beyond any shadow of doubt. We have got them at this moment, and we'll have them twenty-four hours from now. And I am sincere in the belief that Cleveland will beat Blaine in California and Nevada. I hope good things from Michigan and Illinois, and even Wisconsin. Unless the Independents in Illinois are mad in their claims, we have got that State. Governor Briggs says he will be re-elected in Michigan. I don't know why Cleveland shouldn't get the Democratic allotment of electors there. Win-

P. Vilas and Gen. Bragg assure this committee that Cleveland has a big fighting chance in Wisconsin. They ought to know. Don't bother me about majorities. It is enough that we win, but in New York State Cleveland will lead Blaine 40,000."

CHAS. W. H. HANCOCK said: "You can say that I'm as well satisfied that Cleveland will be the next President as I am that I live at this moment. Our latest advice convinces us that New Jersey and Connecticut will go for Cleveland. This State has ceased to be an open question. Nothing but a wholesale corruption and federal bulldozing can defeat us in Indiana, and I doubt whether the best that the United States Marshal can do with the aid of revolvers of heavy caliber will be found effective. We are likely to be reinforced by one, and perhaps two, of the Pacific Slope States, and it is not at all certain that Wisconsin will not repudiate the Plumed Knight."

"Are you sure of New Jersey?" "Sure." "Connecticut?" "Sure still." "Do you think it possible that a Southern State will slip away this time?" "There is no danger of it."

A VOICE FROM THE INDEPENDENTS.
Secretary Green of the Independents is confident to-night that Cleveland will win. He said the outlook for Blaine is decidedly bad in any of the Northern States except to Republicans. Success, Mr. Green is certain of Connecticut, but will not say as much for New Jersey. In Illinois, he considers the chances even, with a Democratic shade. He had no opinion to express on Indiana, but said that New York was for Cleveland even if the Democrats did not hold more than 50 per cent. of their strength.

GOV. ABBOTT telegraphed: "All we want is a half way fair election, and the State will go Democratic. I am making every possible effort to prevent Republican fraud, but it is a big job. Never in the history of the State have such low-lived means been used to carry it as William Walter Phelps and his partners are using now."

JOHN KELLY said to the committee this evening that Tammany would loyally support Cleveland. "If you find a Tammany ballot doctored to-morrow rush the information to me and I will settle the matter in five minutes. I can say that I pledge you my earnest and unwavering support and about 30,000 majority for Cleveland in this city." Mr. Kelly did not in so many words warn the committee to watch the County Democracy, but he intimated that they would bear watching.

W. R. HOLLOWAY of the Indianapolis Times telegraphed that Indiana will give a Republican plurality of between 5,000 and 8,000. Ex-Governor Foster and Chairman Ogilvie expect to see the October plurality in Ohio raised to 20,000.

Senator Sewall, Congressman Phelps and Chairman Hobart of New Jersey are hopeful of victory in that State on the national ticket and gains of Congressmen.

Chairman Harrison of Connecticut believes that unless the Democrats resort to underhanded devices the Republicans will carry both their national and State tickets and gain one and possibly two Congressmen. General dispatches from various parts of this State indicate the success of the ticket.

After an active campaign the Republicans of New Jersey are confident of carrying the State. Indiana Republicans are hopeful and expect to make gains in Congress and in the Legislature. The election of a Republican governor in Tennessee is looked for, and West Virginia is considered doubtful. On Sunday afternoon a courier came to the Fifth Avenue Hotel containing Jay Gould, James G. Blaine and Gail Hamilton. The coach drove up to the house of Steve Elkins, No. 46 East Fifth-street, where the party alighted.

They remained until 7 o'clock. As soon as the visit began, the Blaine should have begun to bet to-day on their chief. It had been given out on the best of authority that Gould put up another check for a large sum with instructions that it be used in New Jersey.

Weather in the Northwest.
CHICAGO, Ill., November 4.—The weather in this section, accompanied by a drizzling rain, and locomotion is made difficult by reason of heavy rain having fallen during the night. Special dispatches to the Associated Press received at 6 o'clock this morning state that it rained all night at Detroit and is still threatening. It snowed all night at East Saginaw and is now clearing. It is cloudy and threatening at Indianapolis; cold and damp at Omaha, threatening rain. At Marshalltown, Iowa, the weather is misty. Other points in Iowa report cloudy weather, but growing cold.

No Trading for Tammany.
NEW YORK, November 4.—Up to this hour all parties seem to be voting steadily and sparsely for their local, State and National tickets. As far as an observer can discern, there has been no cutting of Cleveland by Tammany, and Tammany is casting a full vote for Grant. No trading is reported and no disturbance.

The Work Laid Out.
NEW YORK, November 4.—In this State to-day, besides Presidential electors, the following candidates are to be voted for: Two Judges of the Court of Appeals, thirty-four Congressmen, members of the Assembly, and in various localities city and county officials. Judges of the Supreme Court will be elected, having been nominated by both Democratic and Republican Conventions. In twenty-six of the Congressional Districts there are, in addition to the nominations of the two principal parties, nominations by the People's party, by the Prohibitionists, and in five of these districts both those parties have made nominations. There are in New York State, outside of New York and Brooklyn, 1,094 polling places or election districts. Returns from these have been received by the National Committee of New York City and Brooklyn. Comparison in the State will be made with returns for President in 1880. The vote in that year stood: Garfield, 555,544; Hancock, 534,511, with 18,935 scattering.

The various Business Exchanges, offices, stores and public buildings, with few exceptions, are closed to-day. The United States Commissioners were in session to decide the election cases. From all sides the struggle for the majority is reported running high with Grant and Grace in the foreground. Gibbs was behind and practically out of the race. At the headquarters of the Democratic National and State Committees everything was progressing very quietly. In the great hall for the National Convention, the Democratic National ticket is being carried. It was said that everything throughout New York City was quiet, and that no underhand business had been discovered. A bulletin received at Democratic National Headquarters read as follows: "Early vote."

A GREAT DEMAND FOR CLEVELAND tickets in the Republican districts. No Democratic defection is visible. The Butler vote is imperceptible. An immense Cleveland majority is indicated here and in Brooklyn. In Brooklyn the Independent Republicans are in great force at the polls. A dispatch from Cleveland, a dispatch from same place read: "New York and Brooklyn indications the same thing at the same hour when Cleveland was elected Governor. All the Democratic organizations are at the polls. No Irish defection."

Dispatches from New Jersey said the election was progressing quietly and favorably. At the Republican National and State Committees headquarters, it was said that things had a favorable outlook for the National ticket and a hopeful feeling was entertained.

TRADING ANYTHING FOR BLAINE.
Quite a number of arrests were made for illegal registration and voting. The polling in all the districts at 3 p. m. to-day was heavy but quiet. The city is almost as still as Sunday.

In the Sixteenth Assembly District the Republicans were feeling anything but the electoral ticket. In the Seventeenth Assembly District it was said late this afternoon that the Democratic national ticket had the lead. The report was current around the Fourteenth Assembly District that Tammany was running a heavy vote for Cleveland. Republican ballots folded double have been discovered to a number of districts. Trading Cleveland and Hendricks votes for Grant and Grace were said to be common among the Democrats. Butler developed considerable strength in the lower part of the city.

Brooklyn.
The Democrats are rolling up a large majority for Cleveland in Democratic wards, while the Republicans are working hard in the Republican wards to pull it down. Leaders of the Democratic party say Cleveland's majority in Kings county will be from 15,000 to 20,000, but the Republicans will not let go out of the County with more than 10,000. The Butler and St. John vote is very small. Much feeling is expressed in Republican districts against the Independent Republicans who are conspicuous in their work for the success of Cleveland. NEW YORK.

By Telegram to the Post-Dispatch.

New York, November 4.—Reports from a large number of election precincts in the city indicate that Tammany is voting solidly for Cleveland; that Grant will be elected Mayor; that Joseph Pulitzer will be elected to Congress by a majority larger than all the votes of his opponent, and that the city will give Cleveland an immense majority. It is practically settled that he has the State. The Democrats are very confident.

New Jersey Solid.

By Telegram to the Post-Dispatch.

New York, November 4.—A telegram just received from Governor Abbott, of New Jersey, says: "Accounts from different parts of the State are very favorable. Our men are active everywhere. With a considerable independent Republican vote they expect Hudson County to give over 5,000 Democratic majority."

Running Ahead of His Ticket.

By Telegram to the Post-Dispatch.

New York, November 4.—The voting in Brooklyn is unusually heavy, the Independent Republicans voting for Cleveland in great numbers, and he is running ahead of his ticket.

A Clean Sweep.

By Telegram to the Post-Dispatch.

New York, November 4.—A thorough canvass of the Ninth Congressional District of this city, up to this hour, shows that the Butler boxes are deserted and that Cleveland is making a clean sweep.

Newburgh.

By Telegram to the Post-Dispatch.

Newburgh, N. Y., November 4.—Rainy weather, but a very full vote. No conflict between United States deputy marshals and local officials is reported. The voting proceeds quietly. The prohibition vote here will not go above 100. The Butler vote is also light, many Butler men voting for Blaine. The Republicans claim Blaine's majority in the city by 400, a small increase over Garfield.

Quiet and Steady.

By Telegram to the Post-Dispatch.

New York, November 4.—The weather is cloudy and cool, with an occasional light rain. The same condition prevails, according to telegraphic advice, in the greater part of the State. In New York and Brooklyn the voting is remarkably quiet and steady, with only the usual attendance at the various polling places. In New York the polls were opened at 6 a. m., and will close at 4 p. m. In Brooklyn they opened at sunrise, 6:30, and will close at sunset, 4:30.

An Interview With Kelly.

By Telegram to the Post-Dispatch.

New York, November 4, 9 p. m.—In an interview published this morning in the Star, Tammany spokesman Kelly says: "My opinion, given for what it is worth, is that the Democratic candidate will be successful. It would be easier than it is to give a comparatively accurate estimate were it not for the Butler vote, which exerts a disturbing influence in the canvass, and which cannot be measured. I think, however, that it will not be as large to-morrow as it would have been had the election taken place a month ago. Voters are returning in a great degree to their party allegiance. Many of those who a few weeks since intended voting for Butler will, I am convinced, support Cleveland. I have here

An Estimate.

which guesses the result pretty fairly. According to this estimate Blaine's friends claim 120 out of the electoral vote as certain for their candidate, while Cleveland is conceded the 153 votes of the Solid South, including Virginia. This leaves 95 doubtful. We may expect to carry the four States of New York, New Jersey, Connecticut and Indiana, which would give Cleveland 219 votes or 18 more than sufficient to win. But, disregarding this the calculation of the Northern States, give Cleveland forty-eight electoral votes which is a legitimate

estimate. They will, added to those of the South, give the necessary majority.

THE NECESSARY MAJORITY.

Of one. From the best information obtainable, I have reason to believe New York and Indiana will go Democratic which would mean 204 votes for Cleveland.

Western New York.

By Telegram to the Post-Dispatch.

Buffalo, November 4.—The feeling in Buffalo this morning was one of confidence that the cause of honest government is to triumph at the polls to-day. The feeling here has been marvellous for a week past, and actions have been quickly followed by reactions. The "Rum, Romanism and Rebellion" cry has had a good influence here. The Irishmen who populate the First and Eighth Wards have taken it up with a cry of defiance at the Republican bigot who uttered it, and all day have been flocking to the standard of Gov. Cleveland, whom they know to be an old-time friend. They have not forgotten his defense of their Fenian patriots, nor do they longer countenance the Republican apostate nominated against him. Doggers hearing the significant words have been scattered here like autumn leaves, and they have had a deadly effect. The Republican County Committee has done nothing to stay the tide, saying they would gain as many Republican votes as they lost Catholic. In fact they seem rather to endorse the sentiment.

A DOWNCAST KEEPER.

Your correspondent found Jack White, Alderman from the First Ward, and the house monopolist, Republican leader of the city. He seemed downcast, and when asked what he expected, said: "The Lord knows! I never saw such a turning over. I will try to hold the majority down, but I don't think it looks as well as it did yesterday."

Democrats in the Ninth and Tenth Wards, the strongest Republican wards in the city, are today confident of their ability to carry both.

The majority claimed for Cleveland in the city to-day is 1,800, with as much more from Erie County. The betting is very hot and has been all day. Cleveland stock swells at \$100 against the man from Maine at \$75. On the combination boards the percentage is about the same. Lockwood, for Congress, is conceded 2,000 majority, while Payne, in the Thirty-second District, is considered sure. All the villages in this vicinity sent in the most encouraging reports last evening, and everybody seems to take it as a foregone conclusion that Cleveland will sweep the deck. The Democratic Legion this evening subscribed \$5,000 to pay workers at the polls.

OPINIONS.

No Doubt of Success.

ALBANY, N. Y., November 3, 1884.

To the Editor of the Post-Dispatch.

The feeling here is that there is no doubt of Cleveland's election, and many Republicans say he can't be beaten. There is no doubt about Albany County giving at least 4,000 majority for Cleveland and Hendricks, and our whole local ticket is safe to be elected by from 2,500 to 3,000 majority. The election of county tickets, and the return of Congressman Van Alstyne is conceded by the Republicans. [No signed.]

Reid Still Hopeful.

NEW YORK, November 4.

To the Editor of the Post-Dispatch.

In answer to your inquiry can only say that we now confidently count on New York for Blaine and Logan by a majority of less than 2,000, and expect the Republicans to carry every Northern State, while also having hopes of some in the South.

WHEELER REID.

Headly Hopeful.

CINCINNATI, OHIO, November 4, 1884.

To the Editor of the Post-Dispatch.

It is difficult to answer. The situation is mixed. We have a fighting chance, and will do our best, but the probabilities are against us. Still we are hopeful of gains.

Illinois will elect the Democratic State ticket, and there is a fair chance for Cleveland.

A Surprise In Store.

NEW YORK, November 4.—Hon. Daniel Manning predicts that Cleveland will win such a victory to-day that it will surprise even the most sanguine of his supporters.

Governor Foster.

FOOTORIA, OHIO, November 4.

From the best information at my command, I believe that Blaine's majority over Cleveland to-morrow will not be less than 25,000.

I believe the tide will run for Republican. Nevada may be counted on as surely as Iowa.

Hendricks Confident.

INDIANAPOLIS, November 4, 1884.

To the Editor of the Post-Dispatch.

I am very confident of this State.

THOMAS A. HENDRICKS.

In General.

By Telegram to the Post-Dispatch.

New York, November 4.—The situation this morning, as reflected from the Democratic and Republican headquarters, is peculiar in the extreme. Chairman Jones, Secretary Fessenden and Senator Chaffee, of Mr. Blaine's party refuse to talk, because the time for talking is past. Blaine is as good as elected at this very minute. What's the use of not wasting any more breath? No sir; send it to the four corners of the earth that Blaine will carry New York, New Jersey, Connecticut, Indiana, and every other Northern State. There are no doubtful States in this campaign except among the Solid South list. No! I will not concede Cleveland 153 votes, representing the South. I won't concede him any States but Missouri and Texas."

Whitely Reid said to-day: "It seems silly to further discuss the matter. Mr. Blaine's election was assured many weeks ago. I am confident we will carry New York by at least 50,000 plurality, perhaps 80,000. A telegram just received from W. R. Holla says that Cleveland's majority here is 1,000. It is absolutely certain for Blaine. There has never been any doubt of it in my mind, and I place our majority there at 8,000, with all of 4,000 in Connecticut and all the way from 1,500 to 3,000 in New Jersey. I really cannot see where Mr. Cleveland expects to get the requisite number of electors."

AT DEMOCRATIC HEADQUARTERS.

Very different is the feeling at Democratic headquarters to-night. Senator Gorman said to a reporter: "There is no funeral here. I am as confident of Cleveland's election as I am that you are standing before me. No matter what they told you on Fifth avenue; we are winners. Tell the West that Cleveland will carry New York, New Jersey, Connecticut and Indiana, beyond any shadow of doubt. We have got them at this moment, and we'll have them twenty-four hours from now. And I am sincere in the belief that Cleveland will beat Blaine in California and Nevada. I hope good things from Michigan and Illinois, and even Wisconsin. Unless the Independents in Illinois are made in their claims, we have got that State Governor People says he will be re-elected in Michigan, and I don't know why Cleveland shouldn't get the Democratic allotment of electors there. Win.

F. Vilas and Gen. Bragg assure this committee that Cleveland has a big fighting chance in Wisconsin. They ought to know. Don't bother me about majorities. It is enough that we win, but in New York State Cleveland will lead Blaine 40,000."

CHAIRMAN W. R. HARRIS.

said: "You can say that I'm as well satisfied that Cleveland will be the next President as I am that I live at this moment. Our latest advice convinces us that New Jersey and Connecticut are all right. The result in this State has ceased to be an open question. Nothing but a wholesale corruption and federal bulldozing can defeat us in Indiana, and I doubt whether the State Marshals can do with the aid of revolvers of heavy caliber, what we found effective. We are likely to be reinforced by one, and perhaps two, of the Pacific Slope States, and it is not at all certain that Wisconsin will not repudiate the Plumed Knight."

"Are you sure of New Jersey?"

"Sure."

"Connecticut?"

"Sure still."

"Do you think it possible that a Southern State will slip away this time?"

"There is no danger of it."

A VOICE FROM THE INDEPENDENTS.

Secretary Green of the Independents is confident to-night that Cleveland will win. He said the outlook for Blaine is decidedly in his favor of the Northern States essential to Republican success. Mr. Green is certain of Connecticut, but will not say as much for New Jersey. In Illinois, he considers the chances even, with a Democratic shade. He had no opinion to express on Indiana, but said that New York was safe for Cleveland even if the Democrats did not hold more than 80 per cent. of their strength.

GOV. ARBETT.

telegraphed: "All we want is a half way fair election, and the State will go Democratic. We are giving every possible effort to prevent Republican fraud, but it is a big job. Never in the history of the State have such low-lived men been used to carry it as William Walter Phelps and his partners are using now."

JOHN KELLY.

said to the committee this evening that Tammany would loyally support Cleveland. "If you find a Tammany ballot doctored to-morrow rush the information to me and I will settle the matter in thirty minutes. I can say more; I pledge you my earnest and unwavering support and about 50,000 majority for Cleveland in this city." Mr. Kelly did not in so many words warn the committee to watch the County Democracy, but he intimated that they would bear watching.

W. R. Halloway of the Indianapolis Times telegraphs that Indiana will give a Republican plurality of between 5,000 and 8,000. Ex-Governor Foster and Chairman Ogden in support of the ticket, plurality in Ohio raised to 25,000.

Senator Sewell, Congressman Phelps and Chairman Hobart of New Jersey are hopeful of victory in that State on the national ticket and gains of Congressmen.

Charles Harrison of Connecticut believes that unless the Democrats resort to undiscovered devices the Republicans will carry both their national and State tickets and gain one and possibly two Congressmen. General dispatches from various parts of the State indicate the success of the ticket. After an active campaign the Republicans of New Jersey are confident of carrying the State. Indiana Republicans are hopeful and expect to make gains in Congress and in the Legislature.

The election of a Republican governor in Tennessee is being looked for, and West Virginia is considered doubtful. On Sunday afternoon, about 8 o'clock, a carriage left the Fifth Avenue Hotel containing Jay Gould, James B. Blaine and Gail Hamilton. The coach drove up to the house of Steve Elkins, No. 40 East Fifty-eighth street, where the party alighted. They remained there until 7 o'clock. As soon as the visit became known, the Blaine shouters began to beat loudly on their chief. It had been given out on the best of authority that Gould put up another check to his sum with instructions that it be used in New Jersey.

Weather in the Northwest.

CHICAGO, Ill., November 4.—The weather in this city is cold, accompanied by a drizzling rain, and locomotion is made difficult by reason of heavy rain having fallen during the night. Special dispatches to the Associated Press received at 9 o'clock this morning state that all night long it rained and is still threatening. It snowed all night at East Saginaw and is now raining hard. It is cloudy and threatening at Fort Wayne and Crestline, clear and pleasant at Youngstown. It rained all night at Toledo and is threatening. Cloudy and cool at Lafayette and Terre Haute and threatening. It has been raining at Richmond, Ind., cloudy and cool at Indianapolis; cold and damp at Omaha, threatening rain. At Marshalltown, Iowa, the clouds are clearing, and a fair day is now reported cloudy weather, but growing cool.

No Trading for Tammany.

New York, November 4.—Up to this hour all parties seem to be voting steadily and squarely for their local, State and National tickets. As far as an observer can discern, there has been no cutting of Cleveland by Tammany, and Tammany is casting a full vote for Grant. No trading is reported and no disturbance.

The Work Laid Out.

NEW YORK, November 4.—In this State to-day, besides Presidential elections, the following candidates are to be voted for: Two Judges of the Court of Appeals, thirty-four Congressmen, members of the Assembly, and in various localities city and county officials, Judges of the Supreme Court and Republican Conventions. In twenty of the Congressional Districts there are, in addition to the nominations of the two principal parties, nominations by the People's party or by the Prohibitionists.

In five of these districts both those parties have made nominations. There are in New York State, outside of New York and Brooklyn, 1,094 polling places or election districts. Returns from these will be compared and sent out, independent of New York City and Brooklyn. Comparison in the State will be made with returns for President in 1880. The vote in that year stood: Garfield, 535,945; Hancock, 534,311, with 18,880 scattering.

The various Business Exchanges, offices, stores and public buildings, with few exceptions, are closed to-day. The United States Commissioners were in session to decide the election cases. From all sides the struggle for the majority is reported as running high with Grant and Grace in the foreground. Gibbs was behind and practically out of the race. At the headquarters of the Democratic National and State Committees everything was progressing very favorably outside and in the city for the National ticket. It was said that everything throughout the State was quiet, and that no underground business had been discovered. In twenty of the Congressional Districts there are, in addition to the nominations of the two principal parties, nominations by the People's party or by the Prohibitionists.

TO-DAY'S SPECTACLE.

To-day's election ends a remarkably hot and bitter contest which has rallied our people in two opposing armies so nearly equal in numbers that only the final count can determine which has the majority. But no matter how small the majority or plurality may be in proportion to the whole vote, we are all satisfied that it will, when lawfully ascertained and declared, shall be recognized as the fiat of our National sovereignty. Though multitudes of office-holders and office-seekers and great masses of men believe that their personal interests and the welfare of the country will be seriously affected by the decision, and though it confers upon one man, whom half the voters have opposed, a personal power greater than that of ordinary monarchs, and exceeded only by that of Russian autocrat or oriental despot, the submission of the defeated voters will be peaceful, cheerful and hopeful. The choice of the majority will be promptly accepted as the rightful Chief Magistrate of us all, and the perpetuity of our republican system as full compensation for all party defeats and personal disappointments.

To see the scepter of arch, enlightened, high-spirited and mighty people thus peacefully transferred by themselves every four years to the hands of one sprung from the humbleness of their own ranks, is a spectacle without example in the annals of any people or country but ours. We are not a homogeneous people in race or religion. We are of all races and religions; such a babel of tongues and beliefs that we dwell together in a peaceful unity of self-government, State and National, is a miracle and a contradiction to all the theories of Old World statesmen and philosophers. But for ninety-six years we have refuted those theories, and now, to-day, in the twenty-fifth quadrennial election, we will choose a President to serve the last four years of the hundred which began with the first administration of WASHINGTON. It is an inspiring spectacle, and has been witnessed now so often that it is more and more affecting the minds of men, the rulers and the ruled, all over the civilized world. The only incidents in our history that threatened to detract from the moral force of our example turned out to be mere exceptions, proving the rule and confirming the devotion of our people to popular self-government and all its essential guarantees.

To this extent, at least, we are a homogeneous people; of one sentiment, irrespective of race, party or religious creed. No matter how we may differ as to other beliefs, we all have faith in the saving and self-correcting power of our institutions, so long as the lawful rule of the majority is respected and preserved. However it may err at times, we know that it is our best protection, and will be controlled by reason in the end. Let us cherish this faith, because it is the rock on which our system rests, and because it has thus far stood the shock of every test. Men have come and gone, and parties have risen and fallen; but while the Republic has lived, the country has grown greater and its people more prosperous in spite of the mistakes of politicians and parties. The partisan who cramps his heart and takes half views of men and things may be filled with dark forebodings by an adverse election. But the other party, comprising half the people, is necessarily better than he is inclined to admit. In patriotic motive and interest the masses of both our parties are indistinguishable. While as a people we have made mistakes and suffered for them, we have generally built better than we knew, and we can hopefully trust the genius of our institutions to rectify any mistake the people may make to-day. No matter which party triumphs, the other will still wield a mighty restraining influence, and the country will be safe.

Let Whigs and Tories stir their blood. Let us have stormy weather. Yet for some true result of good. Both parties work together.

Belshazzar Blaine's Feast.

From John Seabury's Paper.

"Belshazzar's Feast" is the title given by the Womans to the millionaire's banquet at Delmonico's last Wednesday night in honor of Jim Blaine. The "Poor Man's Friend" was enthroned amid two hundred of New York's money-plans. According

to the glowing reports in the newspapers, it was a gorgeous banquet and a steady hail, and the menu which we have had the happiness to see was enough to turn the ghost of Bonaparte's cook green with envy. The Kings of Capital feasted and drank and hobbled for four hours with the Slave of Capital, and at midnight you could see them reeling across the carpeted and sweating-covered pavements to the crowded coaches waiting in the streets.

Gaze upon the scene (we mean through the papers)—gaze upon these decorated tables as the Monarchs of Monopoly sit at the banquet. Here is Jay Gould, in a velvet coat, with a hundred millions of pounds on his back; here is John Jacob Astor (next to Jim Blaine), with as much made out of investment; here is Russell Sage (Gould's pal), with fifty millions squeezed out of puts and calls (otherwise styled hearts and hands); here is Cyrus W. Field, the head swindler and first Trust among modern monopolists; here is Vanderbilt's son-in-law; here is California Mills; here, in short, are two hundred speculators, monopolists, land-grabbers, railroad highways, bankers, grain-converters—two hundred of the most voracious plunderers of the American people to be found in the metropolis of Capital, all wearing claret-hamsters in honor of the Victor of Hocking Valley!

Here is a man who has been with us nearly only one year in this aristocracy—and proudly in his place near Jay Gould sits Sir Richard Temple. These outcasts never make a mistake as to whom they honor, and all this is to the glory of Jim Blaine, who has been posing as the Workingman's Friend, who is master of his day. He stands it like a seaward-facing rock, and like a rock splits any adversary that strikes him.

THE TRIBUNE says to-day settles it. For the last time we urge every Republican to be early at the polls. Democrats, be it said to their credit, are never tardy on election day. This year they will be on hand early, not only to vote, but to hinder their opponents from voting, wherever it is possible. Therefore let Republicans take warning. Get your votes in early, and spend as much as possible in the State of New York, or the private citizen, he observed simply and honorably the highest requirements of the position in which he has been placed.
